I am not convinced about the necessity for a work of this kind proposed by the Comptroller. It is bound to be Expensive; and I do not know if it is worth while spending any large sum of money over it.

SIR,

I have the honor to invite the attention of Government to my letter No.1998/S.A.154 dated the 10th September 1912, forwarding a succession list of the more important appointments in Mysore, since the rendition and request the favor of early orders of Government being passed with reference to the printing of the compilation.

2. In this connection, I beg to place before Government the plan of a larger work in the hope that it will be considered useful and receive the approval of Government.

3. Part I of this larger work will be the succession list referred to in para 1 of this letter. Part II will consist of a description of the career of each officer whose name is included in part I. Endeavour will be made to give a portrait of each officer the full history of his services and a brief biographical sketch with such particulars of the family as may be sufficiently interesting.

Inviting attention to this office no 1998 dtd 15th & 10th September 12 with enclosures in original papers

4. If considered desirable, a brief sketch of the material and moral progress of Mysore since the rendition will be added. This will represent the combined result of the labours of the persons sketches of whose lives will be contained in the volume. With the gracious permission of His Highness the Maharaja, portraits and biographical sketches of the Rulers may also be included. As it is intended to get up the work in fairly high style and finish, it may reasonably be hoped that His Highness will be pleased to accord sanction to this course. An account of the British Residents since the rendition may also be included if desired.

5. If Government approve of the general idea, the collection of materials for the work will be at once taken in hand. A considerable amount of correspondence will have to be undertaken for the purpose and the collection of suitable portraits will also entail a considerable amount of work. The initial work of collecting material and making enquiries will be entrusted to one of the Superintendents of my office under the general supervision of the Assistant Comptroller in charge of the Gazetted Audit Department and of myself.

6. The only additional item of expenditure during the current year will be an allowance of Rs.25/- a month to the Superintendent who will be selected to be in charge of the work. Necessary provision for blocks, printing etc may be made in the next year's budget. The extra cost during the year which will not exceed Rs.200/- may be met from the lumpsum provision of Rs.5,000/ made in the Budget for the reorganization of my office establishment.

7. I need hardly add that such a work is sure to prove exceedingly interesting and if successive volumes are compiled at intervals of say 20 or 30 years, a large amount of valuable information will be available in a convenient form for those

who

who may wish to study any aspect of the administration of the State at a future date.

I have the honor to be,

Sir,
